Laboratory Measurements Compellingly Support a Charge-Exchange Mechanism for the Dark Matter ~ 3.5 keV X-ray Line

Keywords

K-shell emission; dark matter; charge exchange

Topics

Fundamental Aspects, Structure and Spectroscopy

Primary authors: Dr SHAH, Chintan (Max-Planck-Institut für Kernphysik, D-69117 Heidelberg, Germany); Mr DOBRODEY, Stepan (Max-Planck-Institut für Kernphysik, D-69117 Heidelberg, Germany)

Presenter: Dr SHAH, Chintan (Max-Planck-Institut für Kernphysik, D-69117 Heidelberg, Germany)
