## **Spectroscopic Analysis of an Indium -Tin Plasma Produced By A Pulsed Laser System**

### **Keywords**

Indium - Tin plasma, laser ablation, optical emission spectroscopy, electron temperature, and number density (Ne).

### **Topics**

Interactions with Photons and Plasmas

**Primary author:** Dr HANIF, Muhammad (National University of Sciences & Technology, Islamabad, Pakistan)

**Presenter:** Dr HANIF, Muhammad (National University of Sciences & Technology, Islamabad, Pakistan)
