## **Two-center Dirac equation beyond the monopole approximation: critical distances for lower electronic levels**

### **Keywords**

two-center Dirac equation,  
heavy ions collisions,  
critical distances,  
superheavy nuclear quasi-molecules

### **Topics**

Collisions with Electrons, Ions, Atoms and Molecules

**Primary authors:** Mr ROENKO, Artem (Lomonosov Moscow State University, Faculty of Physics); Prof. SVESHNIKOV, Konstantin (Lomonosov Moscow State University, Faculty of Physics)

**Presenter:** Mr ROENKO, Artem (Lomonosov Moscow State University, Faculty of Physics)
