Type: Poster

Dynamically assisted Schwinger effect beyond the spatially-homogeneous-field approximation

Keywords

Schwinger effect
Pair production
Laser fields
Non-perturbative methods

Topics

Strong Field and Ultrafast Prozesse

Primary authors: Mr ALEKSANDROV, Ivan (Saint Petersburg State University); PLUNIEN, Günter (Institut für Theoretische Physik, Technische Universität Dresden); Prof. SHABAEV, Vladimir (SPbU)

Presenter: Mr ALEKSANDROV, Ivan (Saint Petersburg State University)
