

Contribution ID: 200

Type: Poster

Theoretical study of TEOP transitions in He-like highly charged ions

Keywords

TEOP, transition probabilities, dielectronic recombination, He-like ions, QED

Topics

Fundamental Aspects, Structure and Spectroscopy

Primary authors: Dr ANDREEV, Oleg (St. Petersburg State University); Dr LYASHCHENKO, Konstantin (St. Petersburg State University); Prof. YU, Deyang

Presenter: Dr ANDREEV, Oleg (St. Petersburg State University)
