## Interaction of Highly Charged Ions with Surfaces and Nano-Materials using Kobe EBIS

### Keywords

Carbon nano tube  
Transmission electron microscope  
Electron spin resonance

### Topics

Interaction with Clusters, Surfaces and Solids

**Primary authors:** Dr SAKAURAI, Makoto (Kobe University); Mr NISHIDA, Naofumi (Kobe University); Mrs YAMAUCHI, Akane (Kobe University); Mr HORI, Yuuki (Kobe University); Mrs FUJIWARA, Hazuki (Kobe University); Prof. HONDA, Shinichi (University of Hyogo); Dr SAKAUE, Hiroyuki (National Institute for Fusion Science); Dr KATO, Daiji (National Institute for Fusion Science); Dr YAMAGUCHI, Tomohiro (Riken); Dr ISHIBASHI, Kouji (Riken); Mr FUJIWARA, Yuya (University of Hyogo); Prof. LEE, K.-Y. (National Taiwan University of Science and Technology); Dr TERUI, Toshifumi (National Institute of Information and Communications Technology)

**Presenter:** Mr NISHIDA, Naofumi (Kobe University)
