Type: Poster

Experiments with Multiply-Charged Lanthanide Ions in the NIST EBIT

Keywords

Spectroscopy
EBIT
EUV
HCI
lanthanide

Topics

Fundamental Aspects, Structure and Spectroscopy

Primary authors: TAN, Joseph (National Institute of Standards and Technology); NAING, Aung Sis (University of Delaware / NIST); Dr NORRGARD, Eric (National Institute of Standards & Technology); SMALL, Angela (University of Maryland at College Park); SANDERS, Samuel (Clemson University); SILWAL, Roshani (Clemson University); TAKACS, Endre (Clemson University / NIST); RALCHENKO, Yuri (National Institute of Standards & Technology)

Presenter: TAN, Joseph (National Institute of Standards and Technology)
