## Long-Range Dispersion Interactions Between Alkali-Metal And Rare-Gas Atoms

### Keywords

long-range interaction; dispersion coefficients; the relativistic configuration interaction plus core polarization method(RCICP)

### Topics

Fundamental Aspects, Structure and Spectroscopy

**Primary authors:** Dr ZHANG, Deng Hong (Key Laboratory of Atomic and Molecular Physics and Functional Materials of Gansu Province, College of Physics and Electronic Engineering, Northwest Normal University, Lanzhou 730070, P. R. China.); Mr XU, Ya Bin (Key Laboratory of Atomic and Molecular Physics and Functional Materials of Gansu Province, College of Physics and Electronic Engineering, Northwest Normal University, Lanzhou 730070, P. R. China.); Dr JIANG, Jun (Key Laboratory of Atomic and Molecular Physics and Functional Materials of Gansu Province, College of Physics and Electronic Engineering, Northwest Normal University, Lanzhou 730070, P. R. China.); Ms JIANG, Li (Key Laboratory of Atomic and Molecular Physics and Functional Materials of Gansu Province, College of Physics and Electronic Engineering, Northwest Normal University, Lanzhou 730070, P. R. China.); Dr XIE, Lu You (Key Laboratory of Atomic and Molecular Physics and Functional Materials of Gansu Province, College of Physics and Electronic Engineering, Northwest Normal University, Lanzhou 730070, P. R. China.); Prof. DONG, Chen Zhong (Key Laboratory of Atomic and Molecular Physics and Functional Materials of Gansu Province, College of Physics and Electronic Engineering, Northwest Normal University, Lanzhou 730070, P. R. China.)

**Presenter:** Dr XIE, Lu You (Key Laboratory of Atomic and Molecular Physics and Functional Materials of Gansu Province, College of Physics and Electronic Engineering, Northwest Normal University, Lanzhou 730070, P. R. China.)
